

PHILLIPS WILL WEATHER STORM

Chicago Millionaires are Rallying to Aid the Corn King.

TO HELP HIM OUT

Asserts That His Customers Will Not Lose One Cent On His Deals.

MAY RESUME MONDAY

Chicago, August 2.—Loyal friends and admirers of George H. Phillips, including, it is understood, several Chicago millionaires, are rallying to his aid and his attorney said today that they would see him through his present difficulty.

As the work of the expert accountants proceeds, Phillips grows more confident that the affairs of the company will soon be restored to a normal condition.

Many traders are strong in their belief that the company is solvent. Phillips said today that not one of his creditors will lose a cent. His attorney asserts the discrepancies in the books are now reduced to two hundred thousand and this may be decreased. He also believes that the firm will resume operations on Monday.

HENRY M. HOWE IS DEAD AT MACON, MO.

Mr. Howe Was 82 Years Old, and Came to Rock County in 1840—

An Interesting Life.

Late this afternoon word was received in this city of the death of one of the oldest settlers of Rock county, Henry M. Howe, formerly of the town of Spring Valley. His death occurred at the home of his son, Edwin Howe, in Macon, Mo.

Mr. Howe was eighty-two years of age and came to Rock county in 1840 in territorial times. He was a native of Vermont and was a descendant of heroic ancestors who served their country in her early struggles against oppression.

After coming to Wisconsin in 1840, Mr. Howe worked for a year on Rock river on a scow owned by Decker & Nowlin, of this city, and propelled by horse power and a main sail. The scow was used in boating stone and lumber. Mr. Howe's early experiences were very interesting.

His first Rock county home was in the town of Magnolia where he purchased a farm and resided for ten years. Then he sold that property and purchased the farm in Spring Valley where he resided many years.

Some ten years ago his wife died and he moved to the home of his only son, Edwin at Macon, Mo., where he has since resided.

His remains will be brought to Orfordville for burial and funeral services will be held at the Methodist Episcopal church Sunday morning at ten o'clock.

Mrs. Frank D. Hogoboom Dead

Mrs. Frank D. Hogoboom of Montclair, N. J., a sister of Mrs. J. M. Bostwick and formerly a resident of this city died yesterday morning at 9 o'clock after many months of the most intense suffering from cancer. Deceased had known the nature of the terrible disease with which she was afflicted but she courageously concealed it from her loved ones until concealment was no longer possible.

Several weeks ago she went into a hospital where an operation was performed with a possible chance of saving her life. She has been in the hospital ever since and at no time did the physicians give any hope of her recovery.

About a month ago Mrs. Bostwick went east to be with her sister and help care for her. The suffering which Mrs. Hogoboom was called upon to endure was something terrible but the brave woman bore it with sweet patience and a beautiful Christian fortitude that will make her memory one to be especially cherished by her relatives and friends.

To those who watched over her, the coming of death brought comfort as well as a thankfulness that relief from pain had come to her whose loss was such a sore bereavement to them.

Mrs. Hogoboom's maiden name was Coryell and she was a niece of the late sister of this city. With her husband and family she moved to New Jersey about two years ago. Previous to that time the family resided in this city for some time and although Mrs. Hogoboom was a home-loving person with her interests centered in the family to whom she devoted all of her time, she made many friends, who will deeply regret her death.

Besides her sister and husband she leaves three little children. The remains will be brought to this city for interment and services will be held at the cemetery chapel on their arrival. No definite word as to the time of the arrival of the funeral party has been received but the funeral will probably be held on Sunday.

Dr. J. B. Whiting went to Palmyra, Wis., this morning, being called there by the death of the late Dr. J. H. Warren. It is expected that Dr. Warren will be buried at Albany, Wis.

SECRETARY LONG TO STAY.

Says He Has No Intention of Resigning from Cabinet.

New York, Aug. 2.—A special to the Times from Hingham, Mass., says: When asked today regarding the dispatches from Washington to the effect that he expected to retire from office and that he would be succeeded by Gov. Allen, Secretary Long said that he had no expectation of retiring before the close of President McKinley's administration.

"I have made no plan," he added, "and my retirement is something that might come any time, but I do not have it in view. If I should retire the navy department would be open to Mr. Allen, but as he has been governor of Porto Rico I very much doubt if he would take the office."

"I have made no plan," he added, "and my retirement is something that might come any time, but I do not have it in view. If I should retire the navy department would be open to Mr. Allen, but as he has been governor of Porto Rico I very much doubt if he would take the office."

TOTAL VALUATION IS \$9,000,000; ASSESSORS FINISH THEIR WORK

Valuation of Janesville Property Nearly Double What It Was Last Year, Owing to a New Law—Taxes Promise to Be Somewhat Higher.

The total valuation of the property in the city of Janesville, real estate and personal, as fixed by the assessors, is nine million dollars in round numbers.

The assessors finished their work on Wednesday night at which time the board of review adjourned. Their books will be presented to the common council at the meeting next Monday evening for approval. If the figures of the assessors are approved by the aldermen, the council will doubtless levy taxes.

The taxes will doubtless be some larger than last year when the entire tax, including state, county and city was 2.37 per cent. The city tax was a little less than 2 per cent on the average.

The valuation of property last year was \$4,585,439.00. This year it is nearly double that amount. This does not mean that property in this city has doubled in value but a new law went into effect this year whereby property was assessed at its full value instead of on the fifty per cent basis which has been used heretofore.

The law should have been observed by the assessors last year but the assessors throughout the county rebelled and only in a few towns was the law complied with. This year the state tax commission notified all of the assessors that the assessments must be made according to law.

This new basis has meant considerable additional work for the assessors while theoretically the property valuation for this year

should be double that of last year, it is claimed that he discrepancy comes in the personal property. People are not overly anxious to confess to the ownership of taxable personal property and many of them conceal as much of it as possible from the assessors. This it is impossible to do in real estate.

Another thing which has made additional work for the assessors is the new law requiring lots and improvements to be assessed separately. Under the former law, the lot and all buildings on it were assessed collectively but now a separate valuation must be placed on the buildings under the name of improvements.

The work is late this year. Generally the tax rolls are all made out and City Treasurer Fathers is ready to receive taxes by the middle of August. This year it will be the first of September. The delay is owing to the fact that the state legislature was in session this spring and did not adjourn until the 15th of May. The assessors' blanks cannot be printed until the legislature adjourns because there is always a possibility that a change of law may make a change in the form of the blank necessary. Consequently the assessors did not receive their blanks until June 1 when they commenced their work which should have been begun on May 1. This delayed the work all along the line, but by hard work the assessors succeeded in making up for a part of the lost month so that the time for paying taxes will only begin about two weeks later than usual.

WOMAN SUES FOR BREACH OF PROMISE

Madison Girl Agrees to Take \$1,000 for Quit Claim on a Man, But Money is Never Paid.

Madison, Wis., Aug. 2.—[Special]—Ed. Duschek, a young farmer until recently of the town of Sun Prairie, but who has gone to Oklahoma to seek his fortune, is defendant in a suit brought by Miss Alma Hanneman, whom he left behind, to recover \$940, balance due on the \$1,000 which she says he agreed to pay her when he told her he had decided that they could not wed.

Miss Hanneman is only nineteen years old, and being a minor and an orphan, she was obliged to find a guardian in order to bring suit, and William Manley is acting in that capacity. She says in her complaint that she and Duschek became engaged last December. He intended then to go to Oklahoma, and the journey there was to be their wedding trip in the spring. In February he told her that he had changed his mind and decided to break off the engagement. As a balm for her wounded feelings he agreed to pay her \$1,000, she says, but in this promise he also failed. He paid her one installment, \$60, on Feb. 26, promising the balance by March 4, but it is still due, and it is to recover this amount, with interest, that she brings suit. Duschek is thought to be in Enid, Garfield Co., Oklahoma.

Among the most important commissions that Miss Mears has executed are "The Genius of Wisconsin," which received the \$500 prize offered by the Milwaukee Woman's club for the best art work exhibited at the World's fair, and a bust of President Albee of the Oshkosh normal school. She is now engaged in modeling a pair of lions for the Oshkosh public library. Miss Mears has a studio on East Twenty-third street, New York.

FINDS SOLOMON'S OPHIR LAND.

Dr. Peters Reports Discovery of the Lost El Dorado.

London, Aug. 2.—The golden land of Ophir, the lost El Dorado of King Solomon, has been discovered by the noted explorer, Dr. Carl Peters. In a cable dispatch to the Times this morning the great German Egyptologist tells of his momentous discovery and adduces proofs that his researches have resulted in a triumph for which other explorers have vainly striven for centuries.

The vast tract lying between Zambesi and the Sahi is declared by Dr. Peters to be the lost Ophir. It is one of the finest and most fertile regions in Africa, but it has never been suspected by African explorers that here are buried the inexhaustible mines from which the riches of gold and jewels were drawn to make up the regal magnificence of the court of Solomon. From a commercial standpoint, therefore, the discovery of Dr. Peters is of incalculable value.

LEYDEN

Leyden, Aug. 1.—The weather is cool today, with wind in the north-west.

A fine shower of rain fell Sunday afternoon which gave a new color to all vegetation. The corn, so long rolled and curled up from heat and drought is beginning to grow and look nicely. The tobacco is also growing nicely now, but the acreage is very small on account of the drought and the best tobacco weather may fail to mature the small crop that is left.

Even after a two hours' rain Sunday afternoon the ground is in need of more rain.

The air is a great deal cooler. Many farmers are threshing. The oats and all grain is light and poor, oats yielding from ten to twenty-five bushels per acre, averaging about fifteen. Hay is a very light crop.

Many farmers will be forced to buy hay or sell stock.

The fields where hay was cut remain dead and may have been killed out entirely by the drought.

Many farmers have sowed millet or corn to get feed for stock during winter.

Late potatoes may yield part of a crop, but it will be a small, poor crop at best.

Many of our people went to see Ringlings' circus at Janesville and all were well pleased with the sights.

Farmers are mostly busy working in corn and tobacco fields or harvesting and threshing, haying being nearly all over. The crop was light and quickly finished this year.

New Parlor Cars.
Two parlor cars, named respectively "Janesville" and "Beloit," "spick and span new" from the builders have been received from the Chicago, Milwaukee & St. Paul Railway and will be placed at once in the service for which they were expressly built—between Chicago, Janesville and Madison.

The new cars have an interior finish of mahogany and are seventy-five feet in length. The exterior is the St. Paul standard color. In addition to the usual parlor, seating thirty people, each has a large observation room, a state room and buffet. The latter, besides being fitted for ordinary buffet service, is equipped with a broiler, from which steaks, chops, etc., can be served.

The equipment in service on the St. Paul road to and from Southern Wisconsin points has received many favorable comments. The new cars—the handsomest so far built—will complete the finest day trains leaving Chicago.

LATE TELEGRAPHIC NEWS

CASTRO MAY DECLARE WAR

Crisis in Affairs of Venezuela and Colombia.

THE SITUATION IS CRITICAL.

With Civil Strife in Both Countries They Threaten Each Other—War Minister at Caracas Resigns After a Violent Scene with President.

Washington, D. C., Aug. 2.—War between Venezuela and Colombia may be imminent. Conflicting reports of battles between Venezuelan troops and invaders from Colombia show the internal situation in Venezuela critical. A dispatch from Port of Spain, Trinidad, says the Venezuelan minister of war, Senor Pulido, leader of an important political faction, has resigned after a violent scene in the cabinet, refusing to accept orders of President Castro. It seems Castro declares the forces that crossed the border and are now engaged with Venezuelan troops are Colombians, and wants to give Senor Rico, the Colombian minister, his passports, which would precipitate trouble. Senor Pulido claims the invaders are revolutionists and not Colombians. Reports from Willemstad, Curacao, declare war between the republics is imminent, and reports additional local uprisings in Venezuela.

The dispatches from Port of Spain declare the invaders under Dr. Calvarias defeated the troops sent out by President Castro in the first battles. Consul General E. Gonzales Esteves, at New York yesterday, reported to the Venezuelan consulate here that he had received a dispatch telling of the total rout of the insurgents near San Cristobal. Today he announces receipt of a cable from President Castro telling of the defeat of 5,000 men "left of the Colombian revolt." The British steamer Texas arrived at Kingston, Jamaica, from Colon, Colombia, and reported severe fighting along the railway near Colon on Saturday and Sunday last. Captain Lund declares there is intense excitement in Colon, as the rebels attacked with great determination and pressed the government troops to within ten miles of the city. The Colombian government has found it impossible to secure a crew for the gunboat Namouna, the English and American crew having deserted.

Boxers Post Violent Placards.
Canton, Aug. 2.—Violent anti-foreign placards, emanating from the Boxers, have been posted in the vicinity of the Christian chapels. The placards protest against the imposition of the house tax, saying it is only exacted in order to meet the indemnity to be paid to the powers, and proceeds: "If money can be obtained, why not make war on the foreigners? China is not yet defeated. It is only the government's eyes which are blinded by disloyal ministers. If we refuse to fight, then it is a case of being greedy to live, yet fearing death. How can the carefully studied military arts be used, except against foreigners? How can we otherwise employ our regiments? During 1900 much money will be collected through lotteries, gambling and general taxes. But they were never satisfied. Therefore, should the house tax be collected we will demolish the chapels and drive out the Christians. If the emperor is unable to pay, we, Boxers, have an excellent plan to gain a victory over the foreigners. Unless this policy is adopted a great rebellion is certain."

Ameer Is Seriously Ill.
Moscow, Aug. 2.—Reports from Kabul, Afghanistan, indicate that the ameer is seriously ill. His advanced age, it is said, renders his recovery exceedingly doubtful. His death is likely to precipitate an internal strife over his successor, which, it is predicted, will involve Russia and Great Britain. One of the chief claimants to the throne, Ejukhan, who resides in Khoreassan, is already on his way to Kabul, in order to be on the ground early should the ameer die.

Flood at Cornwall, Ont.
Cornwall, Ont., Aug. 2.—Four lock gates were carried away in Cornwall canal last night and navigation will be suspended until they are replaced. This will likely take two days, but if the bottom of the lock is much damaged or filled with gravel more time may be required. The water in the level, which is a mile long, flooded the surrounding land to a depth of seven feet.

Bear Sollicits Sue Colonel.
Springfield, Ill., Aug. 2.—John W. Murray and James O'Brien, who caused the offices of the national guards much trouble by running a blind pig close to Camp Lincoln, have sued Colonel Fish of the Third regiment for \$20,000 damages for trespass for closing their place.

Chastised byirate Mother.
Chicago, Ill., Aug. 2.—Following a horsewhipping he had received at the hands of an irate mother, the body of Gottfried Schueppert, a baker, living at 40 Clybourn avenue, was found early this morning on the beach at the foot of Oak street. It is supposed that the man, fearing the disgrace which had followed his chastisement and possible arrest, decided to end his life. The woman whose prompt defense of her child drove the man to his death is Mrs. Mary Hansen, 48 Clybourn avenue. She pursued the man into a saloon, where she administered to him a sound lashing with a horsewhip.

Catholic Women in Session.
Detroit, Mich., Aug. 2.—The Ladies' Catholic Benevolent Association, in executive session, continued discussion of the amendments to the constitution, about twenty-five of the forty-seven being disposed of when adjournment was taken. The election of officers takes place tomorrow, and so far no serious opposition has developed to the re-election of the present officers, many of whom have held their positions since the organization of the association.

Bids for Dredging at Manila.
Manila, Aug. 2.—Of the five bidders for the improvement to Manila harbor two were not entertained because of a noncompliance with the conditions. The Atlantic-Gulf-Pacific Dredging company was apparently the lowest for the work exclusive of the dredging of the Pasig river, the bid being approximately \$1,950,000. The figures for rock work are considered high. The commission is anxious to commence work immediately.

Maryland Democrats Nominate Ticket.
Baltimore, Md., Aug. 2.—The state Democratic convention met at Ford's opera house and nominated Dr. Joshua W. Hering of Carroll county for state comptroller and J. Frank Turner for clerk of the court of appeals. Anti-negro sentiment was strong in the convention.

THREE ARE HANGED BY A MOB

Negress and Her Son and Daughter Lynched.

MOB OF FIVE HUNDRED MEN.

Victims Are Hanged to a Tree by the Public Roadside at the Corporate Limits of Carrollton, Mississippi—Attorney's Vain Appeal.

Carrollton, Miss., Aug. 2.—A mother and her son and daughter, all negroes, were taken from the jail here last evening and lynched. The victims were Betsy, Ida and Belfield McCray. They had been arrested on suspicion of having been concerned in the murder of Mr. and Mrs. Tallafiero last Tuesday night. The action of the mob followed a confession made by Ida, the daughter, who admitted knowledge of the murder and said that her mother and brother help commit the crime. She implicated other negroes and it is possible that other lynchings may result from her disclosures. The mob was composed of about 500 men. Judge W. F. Stevens and District Attorney W. S. Hall stood on the steps of the jail and appealed to the lynchers in the name of law and order. They even followed the mob to the cell doors with their arms around the necks of the leaders, pleading with them to let the law take its course, but with no effect. The negroes were bound neck and hands and carried to the corporate limits of the town, where they were hanged to a tree by the public roadside. Their bodies were then riddled with bullets. Governor A. H. Longino arrived here by special train from Jackson a few minutes after the hanging. He addressed a large and attentive audience at the courthouse, impressing upon them the duty of their citizenship and urging obedience to the law.

Physicians Often Rattle Skeletons

It's sometimes easier for a physician to play on a patient's imagination than to diagnose a case. A stubborn patient may be the cause. It takes courage, to say: Rheumatism comes from bad blood—the liver. Eczema comes from bad blood—the liver. Constipation comes from the sluggish liver. Dyspepsia, biliousness, headaches, nerve troubles and a dozen kindred diseases also arise from a disordered liver. But it's all true. Dr. Crane's

THE LIBRARY BUILDING.

The library board probably knows as much about library buildings as the average. If two rooms are now reasonably sufficient for the library, a "one-story building," containing several times the floor space now used should give ample room. The annual appropriation of \$2,500 is all that the tax payers can afford to devote to the library, and no building that cannot be run on that sum should be built. There is no necessity for auditoriums, club rooms, etc., and the tax payers should not be called upon to support any fads. Mr. Carnegie has kindly donated enough money for a handsome building, and the Eldred bequest will provide a splendid children's room, but the library board should see to it that these handsome bequests do not cause the city to be burdened with a white elephant. In seeking to provide a building that will be ample in every way, yet in no way a burden to the people, the board is doing a good work. The building provided for in the first plan could not be maintained for \$5,000 a year, to say nothing of the fact that the wages of the employees must soon be increased. The board cannot please everyone, but if it provides a building of ample, but not extravagant proportions it will have the support of a very large majority of the people. Complaints will doubtless be made in any event, but the extremists are always in the minority. If the board uses its own best judgment in the matter, it won't get far away from the right.

Many people and criticism of many newspapers. Officials have said ugly things about Chief of Police Nicholson, of

Pittsfield, Mass., because of his connection with the prosecution of the Fosburg murder case. Generally, the whole burden has been placed on Nicholson's shoulders, and although Pittsfield is a long way from Janesville, the case has been followed with interest here. Many Janesville people have criticised Nicholson unjustly. Fosburg was indicted by a grand jury, and the case was handled by a district attorney of unusual ability. Nicholson simply did his duty—and did it well.

People are too apt to criticize a policeman when his case fails. If Nicholson had convicted Fosburg the name of Nicholson would have been legion. The character of the work of the officer should be the test, rather than the result. A case in point is that of the late Inspector Schaack, of Chicago. Schaack had a splendid record extending over many years. His fame extended over the whole country, yet his failure to convict O'Malley the plumber, wiped this reputation away at one brush, and the criticism to which Schaack was subjected had much to do with his breaking down and sudden death. In Schaack's case, as in Nicholson's, an indictment had been voted by a grand jury, and an able lawyer was in charge, yet the officer had to stand all the blame.

It is to be regretted that public sentiment takes these turns, as the tendency is to discourage officers in the prosecution of people who have friends, money and influence. Circumstances often warrant prosecutions in cases where the testimony afterward proves insufficient. If the officers failed of their duty in such cases they would doubtless be charged with all sorts of things.

The average policeman is a good deal the same as the average citizen. The idea that the officer cares nothing about right and justice, but seeks only to send people—innocent or guilty—to prison, has long since been exploded. The officer who is zealous and honest will make mistakes occasionally, but the community is better off because of his activity. The officer who winks at offenses, does as little as he can, always says "we can't prove it," and is unwilling to take any responsibility that he can thrust off onto the citizen. Better by far if the officer be like Schaack and Nicholson and do what he thinks is right, even though a record of years of successful work does not counterbalance, in the minds of excitable people, a single mistake. Nicholson and Schaack were fearless, zealous men and they were of more service to their communities than a score of namby-

pambies, who, though they never did anything gloriously wrong, were never notably in the right.

About John A. Hinsey has been indicted for alleged perjury by a Cook county grand jury, the indictment growing out of the Knights of Pythias scandal. Mr. Hinsey is a Wisconsin man and has many staunch friends in the Badger state. He built the first electric railway in Milwaukee and was a prominent democratic politician. He was known as "Boss Hinsey" for many years and wielded an extensive influence in his party.

The Endowment Rank tangle seems to be drawing its folds closely about Mr. Hinsey, and whether he is guilty or not, the trial will blast the name and fortunes of a man who always was recognized as one of superior abilities. For many years Mr. Hinsey has been a leader and a manager of men, and at no time were his natural talents ever questioned.

This is The Presbyterian church of Waukesha has invited twenty Philanthropy, Chicago, shop girls to spend next week with them at no expense for travel or entertainment. Such philanthropy is of the practical type because it is a service almost any church can and should undertake. If a church cannot afford to give an outing to twenty poor girls they can manage ten or a class in one of the waifs' missions. The churches of Janesville have an opportunity each year to contribute a very small sum to making happier and brighter the lives of a class of poor who know nothing of the pleasant or even comfortable side of life. Rock river, with its beautiful banks, affords pleasure grounds ample for the entertainment and recreation of as many city poor as the churches could care for, and it is a work which will be found full of pleasure.

The Gazette does not publish anonymous communications, but if what "a west side merchant" says about a certain gambling device—and some other things—can be proved the said merchant won't be bothered with the said device more than twenty-four hours—provided that he signs his name to the proper document, a complaint in court.

Evansville is to have a water works system, the vote at the special election being nearly two to one in favor of the project. This is a move in the right direction, and when the plant is once in operation, the people will wonder how they got along without it all these years.

The rebellion in Columbia having been settled and peace restored, a revolution has broken out in Venezuela where martial law has been declared. South America is a lone some place when there are no rebellions or revolutions on hand to break the monotony.

It appears that Secretary Long has allowed a rule of his department to be broken with impunity in the past, but now is determined to enforce it. If navy officers had been prohibited from discussing the personnel of the navy here would have been no Sampson-Schley controversy.

Our agriculture department has stolen the beet sugar industry from Germany, and is busy now purloining the macaroni industry from Italy. We expect to see them capture the rice industry from China soon.

While the professors of the Smithsonian Institution and Harvard college were discussing the bones of a supposed extinct animal in California, a ranchman insisted they belonged to his long lost mule.

The fallacy of the silver men's arguments is clearly shown by the fact that the United States now has more gold on hand than any other government—\$504,350,000.

The annual failure of the peach crop is due; nevertheless all indications point to a banner year for the luscious freestone that blushes beneath the red tawaran.

North Carolina and Alabama have adopted the famous "Grandfather" clause in their constitutions, but Virginia's conscience is hardly elastic enough to cover such illegality.

Mrs. Bradley Martin, after purchasing a nobleman for her daughter to play with, has purchased a young boy in France for her grandson to play with. These American ladies seem to be cornering the market on purchaseable individuals.

However it is no violation of the law to publish the news concerning the government's land lottery at El Reno. But if a silk quilt was be-

ing raffled, it would be different.

Another revolution has broken out at Venezuela. It is of the usual summer style, the mode being the same as that in vogue last season.

Train robbers held up the B. & O. limited express near Chicago, but carefully set it down again and took to the woods when they found they could get no swag.

Perhaps the photographic dry plate combination will not develop after all. At this time it looks as if the results might be negative.

The "usual summer maneuvers" of the Russian troops in the Balkan may attract similarly maneuvering Austrian troops to the scene.

The Chicago bread trust has also risen to the emergency.

The heat in Chicago last week hatched eggs in cold storage.

The coal trust has pulled up its cinch another notch.

WIFE LOOKING FOR HUSBAND

MYSTERIOUS DISAPPEARANCE OF GEO. E. EGGLESTON.

He Was Employed by the Local U. S. Express Company. But Was Discharged Last Wednesday — He Went Away, and Has Not Been Seen Since.

Mrs. George E. Eggleston is looking for her husband. For the past year he has been employed in the local office of the United States Express company on East Milwaukee street. Wednesday night, July 31st he was discharged from the employ of the company and since that time his wife has not seen him. He has been rooming at the express office and his wife made her home with her brother's family on Milton avenue.

Mr. Eggleston called on his wife on Wednesday night and gave her money to pay the rent on a house as they were going to house-keeping. He was dressed in his best clothes and told his wife he had been to the train that night to attend to his work and she thought it was strange that he should have left on his best clothes to do work. Since then she has learned that he had been discharged and did not make the train as he stated. She has not seen him since and has no knowledge of his whereabouts.

At the express office J. R. Botsford the manager said that Mr. Eggleston was not short and had no complaints to make against him. He did not say why he was discharged but said he thought he had gone to Chicago or some place to hunt for work and would come back.

Mrs. Eggleston said they had not lived a perfectly happy life. They have been married a few months over a year and have no children. Mrs. Eggleston being in poor health. She says she cannot think of any reason that would induce her husband to leave without saying anything to her.

PIONEER SETTLER AT AFTON DEAD

R. S. Waite, Aged 75 Years, Passed Away Suddenly at His Home at 6 O'clock This Morning.

R. S. Waite, one of the most widely known and most highly respected residents of Rock county, died at his home in Afton this morning at 5:30 o'clock. He had been confined to his home for the past week and the announcement of his death will be a painful surprise to his many friends. Deceased was seventy-five years of age and for the past thirty years he had resided in Rock county. His life was one of active usefulness and he was prominent in the life of the village which was his home.

Deceased leaves a wife and four sons, A. S., A. R., C. S., and U. G. Waite. Arrangements for the funeral have not yet been completed and the announcement will be made later.

PROOF OF BUSINESS

Judging from the way empty boxes were stacked high on the bridge today in front of the shoe and clothing store of Amos Rehberg & Co., this enterprising firm are doing their share of the business in Janesville and Rock county. Each month Amos Rehberg & Co. sell a day after day load of boxes to local manufacturing firms who utilize them for shipping purposes.

MANY HERE TO ATTEND

CHESTER BREWER STILL IN CONTEST

The Only Man from Janesville in at the Finals in Milwaukee Golf Tournament.

When play began on the links of the Milwaukee Country club in their annual golf tournament, this morning, the Mississippi club of this city had but one representative, Chester Brewer, who was still in the contest for the consolation cup and who was matched against L. W. Nieman, of Milwaukee for the second round in this contest.

The first rounds in both the Milwaukee club cup contest and the consolation cup play were played yesterday afternoon when Chester Brewer defeated N. F. Moore, of Green Lake by a score of 6 up and four to play. Comment in the Milwaukee Sentinel says that the Janesville man seemed to have the game all his own way.

In the consolation cup contest Janesville's other representative, H. H. McKinney, was defeated by M. A. DeMoss, of Green Lake, the score being 3 up and one to play. McKinney tied with O. C. Fuller of Milwaukee, George A. Thorne, of Glenview and F. W. Jacobs of Madison on a score of 92 in the qualifying round for the Milwaukee club cup contest. As there was room for only one of the players, fifteen other golfers having lower scores, the tie had to be played off. One hole or more is played to settle the tie in a case of this kind. The Milwaukee Free Press says that McKinney and Jacobs of Madison apparently preferred to drop back into the consolation class for they did not exert themselves to win the hole on the play off, deliberately putting the ball beyond the hole until they were out of it, in favor of George A. Thorne and O. C. Fuller who played three holes before Fuller was able to win out and Thorne went back into the consolation class.

The Janesville club had only one representative in the first contest for the club cup, Albert Schaller, and he was defeated by Joseph De Moss, of Green Lake in the first round of play yesterday by a score of six up and four to play. DeMoss was the runner-up for the state championship honors at the state tournament held in this city recently and is considered to be one of the coolest and best golfers in the state.

NEWS AND NOTES OF BADGERSTATE

Monroe—Mrs. Armonson and 8-year-old son were burned to death in a fire which destroyed their residence, north of New Glarus. The fire started at night and the occupants, except two boys, were unable to get out. The boys could not save them and the bodies were found burned to a crisp on the bed springs. The past three Sundays have been days of terror for the Armonson family. On Sunday, two weeks ago, Mr. Armonson died from a stroke of paralysis; a week ago Sunday a brother of Mr. Armonson died, and last Sunday this terrible accident happened. A year ago their barn was struck by lightning and burned down.

Grand Rapids—That an electric line will shortly be constructed between this city and Stevens Point is now an assured fact and this will be the beginning of a road which will traverse the whole length of the Wisconsin river valley. The stretch which will be completed first is about thirty miles in length, and the water power of the valley will be utilized as a motive power.

Cumberland—The new work on the Chicago, St. Paul, Minneapolis & Omaha railroad is rapidly nearing completion. New eighty-pound steel rails are being laid between the twin cities and Duluth, new bridges put in grades cut and the roadbed improved in every manner possible.

Baraboo—A stratum of quicksand has been the cause for the abandonment of a sixty-foot shaft in the mines of the Illinois Iron Mining company at Baraboo. A new shaft will be constructed and the old one used to keep the water out of the mine.

Miss Anna Weber may lose an arm as the result of a bug bite at La Crosse. Several weeks ago she went to St. Paul to spend the summer and suffered a sting from a bug. In a few days her arms swelled and doctors have been unable to relieve it.

Thomas, Murphy, of Kenosha, and a member of a prominent local family is under arrest at Muskegon, Mich., charged with burglary. It is believed here that he is innocent and local authorities are making an effort to secure his release.

Clarence Carlson, who was to be married with Maggie Buck Sunday afternoon at Grantsburg, disappeared just before the event was to take place, and has not been seen since. No cause can be ascertained for the disappearance of the man.

Racine—Principal H. C. Lawton of the Garfield school has resigned. It is said that late resignation is the result of the investigation in the schools, brought on by the report that things were not going right.

Medina—By the death of her uncle, Andrew Roades, Mrs. Anna North an inmate of the poor house in St. Joseph, Mo., is left property to the value of \$20,000.

La Crosse—Railroad men of the C. B. & Q. are here receiving instructions in accounting methods.

Appleton—Contracts for the new watch factory will be let in a few days.

Miss Maud Fingal Entertains Last evening Miss Maud Fingal 155 Center avenue, entertained at a party given in honor of her friend Miss Lena Condon, of Rockford, Ill. The lawn was handsomely decorated with "Jap" lanterns, rugs, settees and hammocks. During the evening sweet strains of exquisite music played by the colored string orchestra.

Various games were indulged in. Mr. Calvin Martin carrying off the first prize. Mr. Thomas Hogan also delightfully entertained the company with one of his numerous selections. Later in the evening delicious refreshments were served while the strains of music from the orchestra floated through the air. The hostess is to be congratulated on her success as an entertainer.

The out-of-town guests were Miss Condon, of Rockford, and Mr. Herbert Heath of Beloit.

Presents Sent From Africa Charles T. Sloan who recently received six beautiful and expensive ostrich plumes from William Kissam of Cape Town, Africa, received yesterday another box from the same gentleman. It contained a very useful and peculiarly constructed pocket knife, with a cigar clipper, cigar holder and several other attachments, a beautiful pair of link cuff buttons of an unusual pattern and two elegant gold pins. Mr. Sloan was greatly delighted with his gifts. Mr. Kissam was at one time in Mr. Sloan's employ and joined the British army.

Froze Liver Carrying Ice. Shamokin, Pa., Aug. 2.—William Waldfogel, 12 years old, in carrying a chunk of ice home from a refrigerator pressed it tightly against his body and before he reached his destination his liver was frozen so badly that it became congested. He fell senseless to the ground. Doctors resuscitated him this evening, but the patient's system is so chilled that his life is despaired of.

FREED BY OLD JEWISH RITE.

Widow Released from Obligation to Marry Her Brother-in-Law.

New York, Aug. 2.—An extraordinarily rare ceremony, based by the Jews directly upon the teachings of the old testament, has just been performed in this city when a young woman who had traveled 10,000 miles was released from the obligation of marrying her dead husband's brother, says the New York Times. The obligation of a woman marrying the brother of her dead husband, according to ancient Hebrew law, arose when her husband died before children were born to the pair. The young woman in the case is Mrs. Geolida Laes, a young Roumanian Jewess from Bucharest. A little over three years ago she married Emanuel Laes, when she was only 18 years old. Within three months the husband died. All this happened in Bucharest. The brother-in-law, whom, according to the faith, the young woman must marry, is Samuel Laes of East 49th street, this city. Laes was already married, and, therefore, could not have married the widow of his brother, even if he had wanted to. The young woman opened negotiations with her New York relative soon after the death of her husband, but her brother-in-law found it impossible to travel abroad to have the ceremony of dispensing with the obligation performed. Without this dispensation, according to the law, the widow could not marry again. Under the circumstances the widow decided to come to America to get the desired release, and it was this ceremony which was performed in a little front room on the second floor of a tenement house in Norfolk street. A portion of the Talmud was read by the rabbi, who, at the end of the reading, produced a scroll of parchment and ancient pattern. It was made of two pieces of leather and was fastened with latches and two long thongs. Stooping, he fastened this to the foot of Laes. The widow was then directed to kneel in front of the man and use only her right hand to untie the shoe. After this was done she arose, held the shoe high above her head and cast it on the floor in front of her brother-in-law. The two principals were then declared free to go their own way.

Roosevelt at Kansas City. Kansas City, Mo., Aug. 2.—Vice President Theodore Roosevelt spent an hour in Kansas City en route to Colorado Springs, Col., where he goes to address the state centennial celebration. A number of local politicians greeted him at the depot. When a reporter mentioned that a "1904 Roosevelt club" had been organized recently in Kansas City, Roosevelt received the information with a nod, but made no remark regarding it.

McKinley Accepts Invitation. Cleveland, Ohio, Aug. 2.—President McKinley has accepted the invitation to attend the national Grand Army of the Republic encampment, and will be in this city on Tuesday, Wednesday and Thursday of encampment week.

SCHLEY GAINS ONE POINT

Victory in Seeming Official Rejection of Request.

NOT TO CHANGE THE PRECEPT.

Navy Department, Though, Will Forward His Protest to the Court of Inquiry—Full Text of the Reply by Navy Department.

Washington, Aug. 2.—The Navy Department today refused Admiral Schley's request for a modification of the fifth specification of the precept of the court of inquiry, but its refusal is couched in such terms as to make it in reality a victory for the admiral. Admiral Schley challenged the correctness of the specification, on the ground that it stated as a fact that he had disobeyed orders when the question was a point to be settled by the court. While refusing to change the wording of the precept, the Navy Department has practically acceded to the wish of the admiral by notifying him that his letter will be laid before the court of inquiry.

Following is the text of the reply sent by the Navy Department:

"Navy Department, Washington, Aug. 1, 1901.—Sir: The department has received your letter of the 27th ultimo, in which you acknowledge the receipt of a copy of the order convening, at your request, a court of inquiry to investigate your conduct during the war with Spain, and suggest that paragraph five of said order, directing the court to inquire into the circumstances attending and the reasons for the disobedience by Commodore Schley of the orders of the department, etc., be so modified as to omit the department's expression of opinion, and thus leave the court free to express its own opinion in that matter.

"In reply you are advised that the precept calls for an inquiry by the court, and the ascertainment of pertinent facts. For the purpose of settling on foot this inquiry the precept treats certain matters as established, such, for instance, as the arrival of the 'flying squadron' off Cienfuegos and off Santiago, the retrograde movement westward, the turn of the Brooklyn on July 3, 1898, and the fact that you disobeyed orders, as reported by you in your telegram dated Kingston, May 28, 1898, in which you say, 'Much to be regretted, cannot obey orders of the department.'

"Inasmuch, however, as it is the department's purpose that the court shall be absolutely free to report, if such shall be found to be the case, that you did willfully disobey the orders, or that you were justified in disobeying them, and that this may be clearly understood, your letter of the 27th ultimo, with copy of this reply, will be duly forwarded to the court. Very respectfully,

"F. W. Hackett, Acting Secretary.
"Rear Admiral Winfield S. Schley,
United States Navy, Great Neck, N. Y."

Rear Admiral Kimberly will not be a member of the court of inquiry. His request to be relieved from the detail on the ground of ill health has been granted by the Navy Department, which is now considering the question of his successor. The War Department has taken cognizance of the published interview of Captain Thomas F. Schley regarding the court of inquiry. It is understood the department informed him such interviews are contrary to the army regulations.

SHOOTING MOTHER AND BABE.

Frightful Murder and Suicide Near Sherburne, Minn.

St. Paul, Minn., Aug. 2.—A Sherburne (Minn.) special to the Dispatch says: A frightful murder and suicide occurred five miles south of Sherburne yesterday afternoon. Fred Yost, a prosperous farmer, living seven miles east of this place, was recently held to the grand jury on a serious charge preferred by Eliza Kunkle, who has been his housekeeper for about two years. The woman was fearful of vengeance and removed to Frank Viebahn's place south of town.

Appearances indicate that the woman saw Yost approach the house and hooked the screen and locked the door. Yost tore open the screen door and kicked in the door, where the woman confronted him with the 10-months' old child in her arms. He fired with a .38-caliber revolver, the ball entering the child's forehead and emerging at the back of the head, thence tearing a groove through the door. The woman was shot through the fleshy portion of the right arm and the bullet passing into the side. Physicians have no hope of her recovery. Yost then went to where his team was secured and deliberately placed the revolver against his right temple and fired. The bullet emerged from the opposite side of his head, Yost dropping dead without a struggle.

Ends Race Around the World.

Paris, Aug. 2.—Gaston Steigler of Le Matin, who started in a race around the world with a representative of another Paris newspaper, and who traveled by the westward route, arrived here at 6:15 tonight. Great crowds had assembled at the railway station, but, curiously enough, they did not utter a cheer. Steigler actually had to fight his way to a decorated saloon. A free scramble followed, as every one tried to enter the place. This resulted in the overturning of the decorative palms and the knocking down of several persons. Fortunately, no one was hurt, and the greatest good humor prevailed.

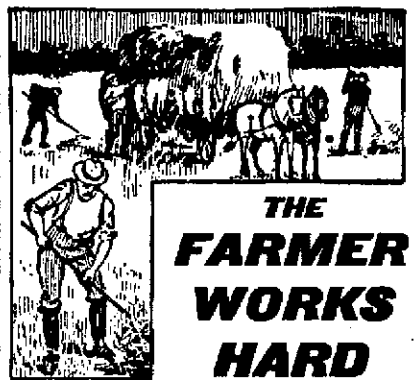

Pike Statue Is Unveiled.
Colorado Springs, Colo., Aug. 2.—The quarter-centennial anniversary of Colorado's admission into the Union was formally opened at noon by the unveiling of a statue of Zebulon Montgomery Pike, who discovered the peak which bears his name. Mayor John Robinson and General William Palmer delivered commemorative addresses in the presence of 8,000 people.

Ship Lost in a Fog.
Seattle, Wash., Aug. 2.—The steamship Senator, which arrived at Port Townsend, reports that the steamship Charles D. Lane, on her way from Nome to Seattle with 175 passengers, struck during a dense fog on the night of July 12 on the west end of Nunivak Island. She is a total wreck. Her passengers and crew were saved by the schooner Vega, which the Lane was towing.

Diamond Stolen in Colorado.
Colorado Springs, Colo., Aug. 2.—Mr. and Mrs. Burr Ferguson of New York were robbed of \$3,000 worth of diamonds at their hotel, the jewels being taken from Mrs. Ferguson's trunk while they were absent from the room. Among the articles taken were a diamond horseshoe, a jeweled cross, six rings and some trinkets of lesser value.

Fatal Quarrel Over Woman.
Louisville, Ky., Aug. 2.—A special to the Post from Henderson, Ky., says that during a quarrel over a woman today Henry Hill was stabbed to death by William Holloway, who then escaped. Both are said to have been well known men. Bloodhounds have been put on the trail of Holloway.

Chicago Fighter Is Defeated.
Muncie, Ind., Aug. 2.—Kid Ashe of Cincinnati won the decision over Young Wolcott of Chicago in twenty rounds of hard fighting last night. Ashe forced the fighting throughout and had Wolcott groggy after knocking him down in the thirteenth round.

For a living. He has to. He must "make hay while the sun shines," no matter how he feels. The result is overwork. The stomach usually gives the first sign of strain. The organs of digestion and nutrition are deranged. Food does not nourish. Indigestion appears. In such a case Dr. Pierce's Golden Medical Discovery re-establishes the health by a complete cure of the diseased organs of digestion and nutrition. It cleanses the stomach, purifies the blood and removes the causes of disease. It is a temperance medicine, and contains no whisky nor alcohol.

"I was troubled with indigestion for about two years," writes Wm. Bowker, Esq., of Juliette, LaSalle Co., Idaho. "I tried different doctors and remedies but to no avail, until I wrote to Dr. Pierce and he told me what to do. I suffered with a pain in my stomach and left side and thought it would kill me. I am glad to write and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Sick people can consult Dr. Pierce by letter free. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

BAD BREATH

"I have been using CASCARETS and as a mild and effective laxative they are simply wonderful. My daughter and I were bothered with sick stomach and our breath was very bad. After taking a few doses of Cascarets we have improved wonderfully. They are a great help in the family."

THE HEAVENS IN AUGUST.

Mercury Today Reaches the Greatest Elongation West.

The following astronomical data for August is furnished by the Western Observatory to the Milwaukee Sentinel:

Mercury is a morning star the early part of the month and reaches greatest elongation west August 2. The planet will be favorably situated for observation during a week or more following, rising an hour or more earlier than the sun and from nearly the same point of the horizon as the sun. Venus continues to be the brilliant evening star, appearing higher above the western horizon each evening and increasing in brightness. Mars is getting too low for favorable observation and sets in the middle part of the evening. Jupiter is the most brilliant object later in the evening sky, excepting the moon, and is seen almost directly south. It is followed by the far less brilliant planet, Saturn, somewhat east and a little north of Jupiter.

The times of sunrise and sunset at Milwaukee for the month are as follows: Sunrise—Aug. 1, 4:41; Aug. 11, 4:52; Aug. 21, 5:03; Aug. 31, 5:14. Sunset—Aug. 1, 7:14; Aug. 11, 7:01; Aug. 21, 6:46; Aug. 31, 6:29.

The times of the moon's phases are: Third quarter, Aug. 7, 2:02 a. m.; new moon, Aug. 14, 2:28 a. m.; first quarter, Aug. 22, 1:52 a. m.; full moon Aug. 29, 2:21 p. m. The principal fixed stars visible during the month are: In the evening hours—To the west, Arcturus and Antares; near the meridian, Vega; to the east, Altair.

Killed by Lightning.

Captain John Astredo and Mr. Hooker, a New Orleans salesman, were killed at Mississippi City, Miss., yesterday, by a bolt of lightning which apparently came from a clear sky.

Joseph Henry's barn near Ocean City, Md., was struck by lightning Tuesday night and two of his children were burned to death. Another child was killed and a fourth rendered unconscious. During the storm a number of vessels, including the police boat Nellie Jackson, were sunk and several fishermen lost their lives.

Steamboat, Island Sinks.

Duluth, Minn., Aug. 2.—Steamboat Island, one of the Apostle group off Chequamegon bay, Lake Superior, has disappeared. Before the last storm, and for time immemorial, it was a small island of sand and rock overgrown with trees. Now it has gone and a rocky reef several feet under water marks its place. It is now a danger to navigation, and a lighthouse would be required on the ledge if it were in the path of ships.

Three Killed in Kentucky.

Jackson, Ky., Aug. 2.—At a blind tiger at Crockettville, where a large crowd was drinking, a fight ensued which resulted in the killing of Robert and Charlie Morris by Tom White, who used a pistol. Further trouble is expected. In Goebel's Gap, near the scene of the tragedy, William Saudlin and Thomas Short engaged in a fight and the former received four knife thrusts, from which he died instantly.

Bricklayers Want \$5 a Day.

Steubenville, Ohio, Aug. 2.—Steubenville bricklayers struck today for an increase in wages because Pittsburgh bricklayers are being brought here to work and are getting \$5 a day for eight hours' work. Steubenville bricklayers are working nine hours for \$4.25 a day. More than 100 Pittsburgh bricklayers are working here.

O'Neill's Slayer Arrested.

Chicago, Aug. 2.—Harry Bowden, who shot and killed Hugh O'Neill, 50 years old, in February, 1900, was arrested in Granite City, Ill., last evening by St. Louis detectives. Bowden lived at No. 2815 Calumet avenue, next door to the O'Neills. A family quarrel prompted the shooting. He will be brought back to Chicago today.

An Influential Name.

It was Sunday in Pittsburgh. DeWolf Hopper and his company were there. Now, Pittsburgh is, as are almost all Pennsylvania towns, very "tight" on Sunday.

Mr. Hopper had three friends in his room in the afternoon and the intense heat parched their throats to such an extent that Mr. Hopper touched the button; the bell was an-

swered by the colored bellboy whom Mr. Hopper directed to bring up four quart bottles of Blue Ribbon. The boy departed but soon returned with the information that as it was Sunday it would be impossible to get any liquid refreshments. Mr. Hopper said to his friends: "I will show you what there is in a name," and turning to the boy said, "Go and tell the clerk that DeWolf Hopper—DeWolf Hopper, understand, wants four bottles of beer."

The boy again went down and soon returned with the much coveted refreshments.

"Now my friends," said Mr. Hopper, "you see what there is in a name."

"Yes, boss," said the boy. "I done told them dat Kolfe de Copper wanted dat beer, and dey said if dat wunt enuff dey would set 'em up ergain."—Short Stories.

Breaks Record in Coaling.

Newport, R. I., Aug. 2.—It has just been learned that the ships of the North Atlantic squadron have established another world's record in the matter of coaling ships. Up to the time the squadron visited Pensacola the British armored cruiser Adriane of the channel fleet held the record by taking on board 203 tons of coal within one hour. The Kearsarge, the Alabama and the Massachusetts each broke the record at Pensacola by the following figures: The Kearsarge 219 tons of coal in one hour; the Alabama, 222 tons, and the Massachusetts the extraordinary quantity of 248 tons in one hour.

Groom Failed to Appear.

Quincy, Ill., Aug. 2.—Mary Siebers was deserted at the altar yesterday by Clarence Shields. They were to have been married at 8 o'clock yesterday morning in St. Mary's Roman Catholic church. The church was filled with relatives and friends, the priest was ready to perform the ceremony, and Miss Siebers, attired in her bridal robes, was waiting at the altar with her sister as bridesmaid, but Shields failed to appear. The girl's father declares he will kill Shields on sight.

Scrofula

Scrofula is an unwelcome legacy, but one which the children of blood poisoned parentage must accept, with all its humiliating consequences. It is an inheritance that makes one poorer; that brings wretchedness and disease, instead of health and riches, for the child whose ancestral blood is tainted with Scrofula or the loathsome virus of Contagious Blood Poison is unfitted for the arduous duties of life so long as any of the transmitted poison remains in its veins. Scrofula manifests itself in various forms; swollen glands about the neck and throat, catarrh of the head, weak eyes, hip bone disease, white swelling and offensive sores and abscesses are familiar symptoms, attended usually with loss of strength, poor digestion and pale or bloodless complexion. The skin is sometimes most dreadfully affected, eruptions breaking out on all parts of the body. Scrofula destroys bone, tissue and flesh; no part of the human system escapes its withering, benumbing touch.

When nineteen years old, and about one year after the birth of my first child, the glands on the left side of my neck began to swell. Four of the places were lanced and became open running sores; rings came under my left arm, and the discharge was simply awful. The doctors said I had the worst case of Scrofula they had ever seen. I took iodide of potassium, but this nor the other drugs given for this disease brought relief. When the physicians advised me to have the glands removed, I decided to try S. S. S. A few bottles cured me completely; no signs of the terrible disease are left.

purity to the profoundly poisoned blood, and the rich, strong blood that is carried to the swollen and diseased glands absorbs and destroys the tuberculous deposits, and the painful, disfiguring sores and other evidences of Scrofula disappear.

S. S. S. should be begun immediately upon the appearance of the first symptoms, or where there is a known predisposition to Scrofula. Our medical department will be found of great help to those who are struggling with this wasting disease of heredity or any other blood trouble, and we invite you to write us. Should you or any member of your family need advice, our physicians will cheerfully give the information you desire, for which we make no charge. Book on Blood and Skin Diseases free.

Discard That Off Colored Straw Hat.

AT THIS TIME OF THE year your straw hat that you purchased early in the season begins to look rather shabby and off colored. The cruel sun the past month has raised havoc with the straw. But then we took this fact into consideration some time ago and the result is the installation of another new stock—the second straw hat shipment this summer. At the Ziegler store you have the same low prices besides the advantage of selecting from the largest stock in southern Wisconsin
